SPECIFICATION SHEET

DESCRIPTION

The Vera Vintage Glass Wall Lamp showcases a sculptural, petal-like silhouette with softly flowing curves that bring warmth and character to a variety of interiors. Its kiln-formed glass shade is paired with a durable iron backplate and a refined copper accent at the base.

Each shade is crafted by heating precisely cut glass over a custom plaster mould, allowing gravity to shape its graceful folds and natural variations. Available in four glass colours—Almond, Mocha, Amber, and Olive—the lamp casts a warm, atmospheric glow while adding a distinctive vintage touch to the wall.
