

Bubble Chandelier

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

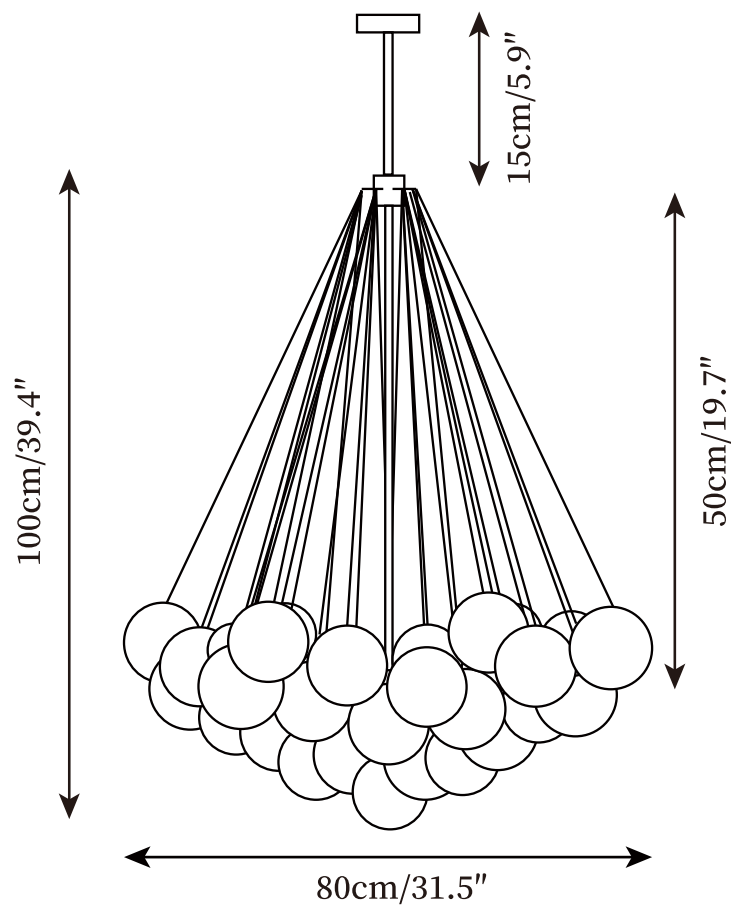

The Bubble Chandelier transforms light into a sculptural display through a layered cluster of frosted glass spheres. Rather than acting as individual light sources, the orbs surround concealed lights at the heart of the fixture, softly diffusing and reflecting their glow throughout the composition. As the light passes between the overlapping layers, it gains depth, variation, and a gentle sense of movement, bringing the cloud-like silhouette beautifully to life. Crafted from glass and iron with a choice of black or gold metalwork, this chandelier creates a striking yet softly atmospheric presence above dining tables, in living rooms, or within spacious entryways.

SPECIFICATION DETAILS

*For custom options, consult factory for details

SKU	AH-BC-19H
Fixture Dimmensions	D 15.7" x H 33.5" (19 heads)
Light source	E26 or E27 (bulb not included).
Wattage	Max 40W incandescent bulb or LED equivalent.
Voltage	AC 110-240V
Mounting	Hardwired.
Dimming	Compatible with dimmable bulbs (bulb not included)
Control method	Compatible with common wall switches(not included)
Finishes	Gold, Black.
Shade Details	Frosted white.
Material	Metal, Iron, Ceramics.
Wire Length	Suspension rod length 50cm/19.7", and can be spliced as needed.
