DESCRIPTION

Defined by its softly curved silhouette, this wall sconce pairs a textured fabric shade with a clean metal framework. The intersecting lines introduce a subtle architectural rhythm, while the natural texture of the shade brings warmth and softness to its structured form.

When illuminated, the fabric gently filters the light to create a calm, inviting glow. Its slim profile makes it ideal for bedrooms, hallways, and living spaces, whether displayed as a single accent or arranged in a balanced pair. Available in a selection of finishes, it blends effortlessly into both contemporary and timeless interiors.

SPECIFICATION DETAILS

*For custom options, consult factory for details
