

Amorphous Wall Lamp

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

Defined by its softly irregular silhouette, the Amorphous Wall Lamp brings a sculptural sense of calm to contemporary interiors. A frosted glass diffuser rests within the fluid metal frame, gently softening the light into a warm, atmospheric glow. The contrast between the luminous centre and darker outer form creates subtle depth, allowing the piece to feel expressive without overwhelming the space.

Available in Antique Brass or Bronze, its richly toned metal finish adds warmth and character to living rooms, bedrooms, hallways, and other thoughtfully curated spaces.

SPECIFICATION DETAILS

*For custom options, consult factory for details

SKU: 58205580099968

Material: Metal.

Size: Dia 28cm x H 32cm / $\varnothing$ 11.0" x H 12.6"

Light source: Integrated LED.

Kelvin range: Warm Light (3000K).

Voltage: AC 110-240V.

Mounting: Wall/Ceiling.

Environment: Indoor.

Moisture resistance: IP 20 Damp-rated not waterproof, for indoor use only.

Body Finishes: Antique Brass, Bronze.
