SPECIFICATION SHEET

DESCRIPTION

The Aurelian Wall Lamp brings sculptural form and a warm, atmospheric glow to the wall. Its thick, textured glass disc catches and gently diffuses the light, revealing subtle ripples and depth across its surface. Offered in clear or softly smoked glass, the shade is paired with a curved metal base in black or a warm metallic finish for a refined contrast of texture and tone.

Understated yet distinctive, Aurelian works beautifully beside a bed, along a hallway, or as an elegant accent in a living room or entryway. Even when unlit, it has the presence of a sculptural object; once illuminated, it casts a soft halo that gives the space a calm and inviting ambience.
