DESCRIPTION

The Blooming Tulip Wall Sconce brings the graceful beauty of a garden in bloom indoors. Sculpted iron stems and textured green leaves support hand-blown glass blossoms, whose softly curved petals cast a warm, inviting glow. Its botanical silhouette and vintage-inspired finish add romance and artistic character to any interior.

Each glass shade is individually handcrafted, so subtle variations in shape, colour, bubbles, or tiny specks are natural characteristics of artisanal glassmaking, making every piece beautifully unique.

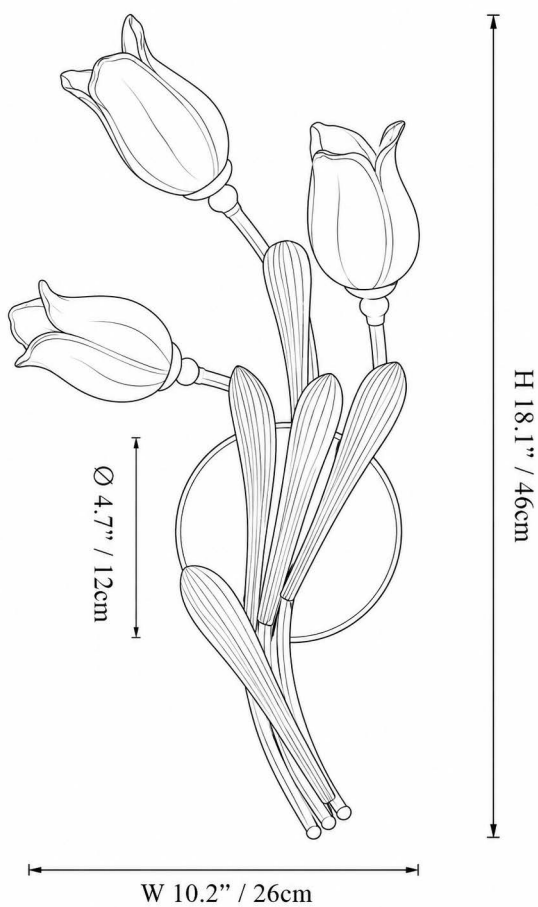

Available in 2-Light and 3-Light configurations, this decorative wall sconce is a charming accent for bedrooms, living rooms, hallways, and other spaces in need of warm, artful illumination.
