

Candlelight Radiance Table Lamp

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

The Candlelight Radiance Table Lamp reimagines the warmth of candlelight through a clean, contemporary form. A softly illuminated inner column appears to float within a slender clear-glass cylinder, rising from a smooth metal base to create an elegant play of light, transparency, and proportion. Its responsive touch control allows the illumination to be adjusted with ease.

Rechargeable and entirely cordless, the lamp is particularly well suited to dining tables, where its compact footprint preserves a neat, uncluttered setting. The gentle, flame-like glow creates an intimate atmosphere without obstructing conversation, making it ideal for everyday dinners, relaxed evening drinks, and special gatherings.
