

Ember Lattice Wall Sconce

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

The Ember Lattice Wall Sconce combines handcrafted character with a warm, nostalgic glow. Its gently curved paper shade is finished with translucent resin and traced with an irregular grid, creating a richly textured surface that shifts in appearance throughout the day. When illuminated, the layered amber and smoky tones glow from within, revealing subtle variations in colour and texture while casting a soft halo across the wall.

A solid teak base grounds the delicate shade with natural warmth, while understated metal fastenings add a refined finishing touch. Available in both hardwired and plug-in versions, the sconce brings intimate ambient light to bedside settings, hallways, reading corners, and other spaces where a quiet, atmospheric accent is desired.

SPECIFICATION DETAILS

*For custom options, consult factory for details

Fixture Dimmensions	Dia 15cm x H 28cm / Ø 5.9" x H 11"
Light source	E27
Voltage	AC 110-240V
Color Temperature	Based on the purchase of light bulbs
Mounting	Wall
Driver Required	NO
Optional Color Temps	Buy bulbs as needed
Dimming	Dimming is not supported
Finishes	Wood Color
Shade Details	Amber
Material	Wood, Paper, Metal.
Warranty	2 Years
Regional Compatibility	Compatible with North America, Saudi Arabia, Europe, Australia Certification
