

Glow Pod USB Table Lamp

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

The Glow Pod USB Table Lamp brings a playful, retro-inspired accent to bedside tables, shelves, and reading corners. Its rounded, pod-like body surrounds a tilted white inner shade, gently diffusing the light into a warm and inviting glow.

Cradled by a slender chrome-finished frame, the lamp has a light, sculptural presence while occupying minimal surface space. Available in three cheerful colors, it adds an expressive touch to bedrooms, desks, side tables, and cozy corners.

Powered by a USB cable and operated by an in-line switch, Glow Pod offers a simple and convenient way to introduce both functional lighting and colorful character into everyday interiors.

SPECIFICATION DETAILS
