

Opal Alabaster Twist Wall Sconce

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

The Opal Alabaster Twist Wall Sconce brings luminous stone and richly textured metal together in a sculptural, hourglass-inspired silhouette. Two gently flared alabaster shades extend from a bronze-finished centre, while fine linear detailing across the metalwork adds depth and an artisanal character. The warm, aged tone of the bronze creates an elegant contrast with the pale stone.

When illuminated, light filters softly through the translucent alabaster, revealing its delicate natural veining and casting a calm, balanced glow both upward and downward. Refined without feeling overly formal, this wall sconce works beautifully beside a bed, along a hallway, or as an atmospheric accent in a living or dining space.

SPECIFICATION DETAILS

*For custom options, consult factory for details

SKU: 58205552017792

Material: Metal, Alabaster.

Light source: LED bulb or Edison bulb.

Light source base type: G9.

Voltage: AC 110-240V.

Mounting: Wall.

Moisture resistance: IP 20 Damp-rated not waterproof, for indoor use only.

Environment: Indoor.

Ideal for: Bedroom, Hallway, Living room, etc..

Body Finishes: Bronze.

Shade Finishes: White.

Wiring: Hardwired.

Control: Compatible with common wall switches (not included).
