

Palais Jade Wall Light

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

Carved from natural jade stone, the Palais Jade Wall Light combines sculptural form with understated architectural elegance. Its elongated, softly rounded silhouette is shaped with stepped vertical contours, evoking the symmetry and grandeur of a palace façade. Natural variations in colour, veining, and translucency make each piece subtly unique.

When illuminated, the stone gently filters the light to produce a warm, tranquil glow that highlights its rich texture and depth. Available in three refined jade tones, Palais brings a serene decorative presence to bedrooms, hallways, living areas, and intimate corners.

SPECIFICATION DETAILS
