

Stellar Bubble Glass Wall Light

AESTHOME

SPECIFICATION SHEET

DESCRIPTION

The Stellar Bubble Glass Wall Light pairs overlapping panels of handcrafted bubble glass with a sturdy iron frame and refined brass accents. Delicate air bubbles scattered throughout the glass create a starlit texture, softly diffusing the light into a warm and inviting glow. Its stepped silhouette draws inspiration from Art Deco design, giving the piece a sculptural presence that feels both vintage and timeless. An elegant addition to bedrooms, hallways, living rooms, or intimate hospitality interiors.
