DESCRIPTION

The Xuan Paper Cube Ceiling Lamp brings a quiet sense of structure and warmth to the ceiling. Its softly textured xuan paper shade is detailed with a geometric spiral motif, while the transparent glass surround creates a light, layered silhouette with subtle architectural depth.

When illuminated, the integrated LED light filters gently through the paper, revealing its delicate texture and casting a soft, even glow across the room. Designed to sit close to the ceiling, this refined fixture is ideal for bedrooms, living spaces, hallways, and other interiors where calm, understated lighting is desired.
